# Delegate Barbara Evans Fleischauer:

**A Proven Leader to Protect Us During Tough Times. Someone We can Trust to Protect our Jobs and Retirement Funds.**

Financial meltdowns, companies collapsing, home foreclosures...these have been trying times for all of us.

Delegate Fleischauer has been on the front lines, standing up for the working families of West Virginia, fighting for legislation to protect consumers from predatory lending practices and unfair corporate sales tactics.

When re-elected, Delegate Fleischauer will introduce legislation to:

- Ban the WV Investment Management Board from purchasing risky financial instruments, such as derivatives, and
- Prohibit credit card and insurance companies from increasing rates based on credit scores without full disclosure and transparency

With increased foreign competition and economic pressures here at home, wouldn't it make sense to make sure our most experienced, proven leaders are in Charleston to fight for our fair share and to protect our jobs?

That's why we need to re-elect Delegate Fleischauer. She'll continue to work to protect our retirements, while supporting better education so we can compete in the 21st century global marketplace and attract new jobs.
