Fighting for Good Jobs Here at Home!

"We are making substantial investments in public and higher education for the sake of our children. We must work harder to create and protect the jobs that will keep them at home." - Delegate Barbara Evans Fleischauer

Delegate Barbara Evans Fleischauer: Working Hard To Bring Jobs to Monongalia County!

Delegate Fleischauer: Protecting Funding for the University

Economic hard times have hit our country, but thanks in large part to WVU, Monongalia County has had the lowest unemployment rate in the country. Delegate Barbara Evans Fleischauer knows that WVU drives our local economy. You can count on her to fight to preserve and hopefully increase state funding for our flagship university.

Delegate Fleischauer: Building Futures by Improving Jobs Programs

Barbara believes that just as we invest in higher education, we must invest in jobs to keep young adults here in West Virginia. Because of legislation Barbara drafted, the Legislature will be examining the effectiveness of job creation programs and evaluating where future job growth is likely to occur. If state-funded training programs or tax breaks are not creating jobs with benefits, then our tax dollars should be re-directed to programs that actually produce good jobs for our citizens.

Delegate Fleischauer: Strengthening Unemployment Compensation

As a small business owner, Barbara understands the challenges that employers face when times are tough. She also knows that laid-off employees need a financial bridge to help them until they are able to find a new job. That's why Delegate Fleischauer will keep fighting to ensure West Virginia passes legislation to obtain all of the federal money for unemployment compensation to which our state is entitled.

ReElect:
