## **Delegate Fleischauer: Helping Veterans From Every Generation!**

Our country stands strong today, thanks to both the men and women who fought to protect us abroad, and those who worked stateside supporting our troops or raising our families.

When veterans return from overseas, the transition can be tough. Barbara is working to ease the shift from active service to civilian life. Barbara sponsored and passed legislation to require our state colleges and universities to become more "veteran friendly." She will continue to fight for increased veterans' counseling and medical services - especially in rural areas - including help for spouses and children of veterans.

A voice for our greatest generation, Delegate Fleischauer also successfully secured funding to increase access to home health care, which allows all seniors and disabled persons, including veterans and their family members, to lead more independent lives.
